

WELCOME TO PAVIA

About

The University of Pavia is considered one of the best in Italy, with previous alumni including explorer Christopher Columbus, physicist Alessandro Volta and poet and revolutionary Ugo Foscolo. Aside from its vibrant atmosphere (Istituto Universitario di Studi Superiori, IUSS, is a partner in over 300 international exchange programs), Pavia's historic centre preserves a clutch of worthwhile sights.

Pavia is a small town and the accommodation market is very competitive.

The University of Pavia has the most extensive **Colleges and Residence Hall** system in Italy. The majority of its students are housed in its 16 Colleges. Colleges and Residence Halls are either male or female, catered or self-catered (with kitchens on each floor for student use).

Staying in Pavia's university residences is an affordable, comfortable and original option when visiting our city.
